

Ellis Pilots Iroquois II. to Victory in Race of Six Fifty Footers---Yale Varsity Rows Speedy Mile

JUDGES CATCH FOUL CROWD DOESN'T SEE

Celandria Set Back and Her Rider, Buxton, Suspended for Rough Riding.

TWO THRILLING FINISHES

Jackie Buxton landed the Ellwood Park Stable's Celandria a race in front of the Quincey's Bonnie Tessa at the race for the Roadside Stakes at Jamaica race track yesterday. The race was run for two-year-olds that has been run for several years. His elation was short-lived, for an investigation following a protest of foul made by the rider of Celandria and the suspension of Buxton for the remainder of the meeting on the charge of rough riding.

The ruling out of Celandria caused the bulk of the purse to go into the pockets of the owner of the Quincey Stable by the medium of an outsider that of public opinion. The class of youngsters opposed to her, less than a week ago Bonnie Tessa was beaten off in a race won by James Butler's Miss Puzze. It was whispered that improvement might be expected yesterday, but most of the money bet on the ultimate winner was for places and above. The class finish and crowding in the stretch were all to the advantage of McCleary, who gave a small opening and joined the leaders in the last furlong to finish a nose behind Celandria.

In the crowd of racegoers, which was larger than usual, there were few to notice the ruling of the stewards which disqualified Celandria and punished her rider by keeping him on the ground until the meeting closed. The Quincey Stable Club meeting on Saturday. After the field closed on the race, grass, at about the eighth pole, there was a vigorous fight on the part of the horse to the race to get to the front. Celandria had been getting the pace set by Grass, and with the next start was entitled to a clear path to the judges. As Bonnie Tessa and Puzze rushed up to the bunch it looked from the stand as though all Buxton's horse was devoted toward the goal, but as the race opened, and the other four horses rushed on to the finish as closely as the leader, Celandria's race was almost every stride. Celandria's race was in front of Bonnie Tessa at the wire and heads separated Grass and Malachuk. The race was a neck behind the stand. At any rate Jackie Lilley, Cavanaugh and Buxton were interviewed with the result that Celandria's owner was taken down to the ground and Buxton was suspended.

There was another thrilling finish in the Florida Handicap at a mile and a quarter, in which a half mile was all the margin that separated the first from the last of the four starters at the finish. Capt. Cassatt's Flying Dutchman, who had a length and a half to spare most of the way, McCleary kept Buxton in second place, and a turning into the stretch rushed the leader at the end. At the wire, the four contenders were nearly abreast, and Davies working with might and main on Flying Fairy got her in front of Buxton again. The pair raced stride for stride until within twenty yards of the judges, where Flying Fairy edged and Buxton got his head in front. Top Hat was a neck behind Flying Fairy and a length in front of Buxton. The summaries:

IROQUOIS II. BEATS FIVE OF RIVAL FIFTY FOOTERS

Ralph N. Ellis Guides His Yacht to Victory on Last Leg of Course in New York Yacht Club's Regatta—Miladi Fastest Schooner.

Six of the fifty footers raced in the sixty-eighth annual regatta of the New York Yacht Club yesterday on the Sound. They furnished the best contest of the season and one of the best they ever sailed. The wind was moderate and came from southwest by south, blowing about twelve miles an hour. The course selected gave the yachts two broad reaches and a beat of nine and a quarter miles, on which the skill of the amateur helmsmen was thoroughly tested.

Ralph N. Ellis triumphed with the Iroquois II, winning the race on the last leg of the course. When the yachts hauled on the line, the Iroquois was fourth and about three minutes astern of the leader, Harry Payne Whitney's Barbara. Slowly but surely the Iroquois outdistanced and outpointed the others and she finished a winner by 49 seconds. J. B. Macdonough's Spartan, with her owner, Stuyvesant Fairweather, was second, 26 seconds ahead of Commodore George P. Baker's Ventura.

All the sloops, that is the fifties and the thirties, sailed in one class for one of the New York Yacht Club course cups. The fifty footers had to allow the sloops a half mile start. In the first heat, the Iroquois II, led by Ellis, and Olga Mills Reid won this trophy with the 30 footer Lena, which also was a winner in her class. The Iroquois was beaten 1 minute 47 seconds by the Lena. Three schooners started. In the regular class the Miladi defeated the Ahmakiola and in a special class she also defeated the Ahmakiola. The Iroquois for the course cup with full time allowance Howard C. Smith's Ahmakiola won.

AUTO DRIVERS BETTER TRIALS.

Rickenbacker's Maxwell Travels at 108 Mile Average.

Chicago, June 22.—Auto drivers were after better positions in the elimination trials this afternoon at Speedway Park and several of them succeeded in raising themselves several notches in the starting order. The duel between the English and American Sunbeam teams resulted in Van Raalte of the factory pair going around the course in 1:11.42, an average of 109.8 miles an hour. This was bettered by Rickenbacker in a Maxwell, which attained a 102 mile average. Virtually all the drivers who had not qualified before did so today. The summaries:

Van Raalte's Sunbeam won the race by a narrow margin. The car was in excellent form. The summaries:

Rickenbacker's Maxwell was also in good form. The car was in excellent form. The summaries:

ALMA RICHARDS SUSPENDED.

Expense Account Total of \$50.50 Causes A. A. U. to Act.

PHILADELPHIA, June 22.—Alma Richards, Olympic high jump champion and one of the greatest athletes that ever competed for Cornell University, has fallen into the bad graces of the Amateur Athletic Union because he demanded considerably more expense money for a trip to the recent Yale & Kibben games here than he was entitled to, according to the charges preferred.
